The scheduler activity helps you in scheduling appointments with your students.

Teachers specify time slots for meetings, students then choose one of them on Moodle. Teachers record the outcome of the meeting - and optionally a grade - within the scheduler.

Group scheduling is supported; that is, each time slot can accommodate several students, and it is possible to schedule appointments for entire groups at the same time.

The screenshot shows the UNICAMPUS MODE-IT course management interface. At the top, there is a navigation bar with the UNICAMPUS logo, home, calendar, and settings icons, and a dropdown menu for 'Cursurile mele' (My Courses) set to 'Română (ro)'. The main header displays 'MODE-IT' and a 'Gestionează cursuri' (Manage Courses) button. Below the header, a search bar shows 'Categori curs: MODE-IT'. The main content area features the 'MODE IT' logo and a descriptive paragraph: 'MODE IT reprezintă proiectul Erasmus+ „Modernizare curriculară prin implementarea modelului MOOC”. Cinci parteneri MODE IT din Germania, Lituania, Turcia, Portugalia și România încearcă împreună să introducă abordări inovatoare bazate pe MOOC pentru proiectarea și livrarea de cursuri de învățământ superior. Cu alte cuvinte, MODE IT încurajează integrarea pedagogilor online deschise în cursuri și programe formale pentru a le face mai flexibile și mai atractive pentru studenți. Această abordare inovatoare MODE IT ar trebui să contribuie la: creșterea gradului de conștientizare a formatorilor de învățare deschise de către studenți pentru dezvoltarea lor proprie; asumarea responsabilității învățării proprii de către cursanți; creșterea capacității de învățare auto-reglementată și personalizată. Principali factori de inovare ai abordării MODE IT sunt personalul academic! Prin urmare, obiectivele specifice MODE IT sunt: crearea conștientizării (auto) dezvoltării profesionale în rândul personalului academic; îmbunătățirea abilităților personalului academic în proiectarea și livrarea MOOC-urilor și a programelor bazate pe MOOC; crearea și furnizarea de subiecte bazate pe MOOC în cadrul programelor de învățământ superior selectate. Below the text is a search bar for courses, a 'Dezvoltare Web' (Web Development) course card, and an 'Internet of Things (Internetul lucrurilor)' course card. At the bottom, there are buttons for 'Adaugă un curs nou' (Add new course) and 'Cursuri în așteptarea aprobării' (Courses pending approval). On the right side, there is a 'MENIU PRINCIPAL' (Main Menu) and an 'ADMINISTRARE' (Administration) sidebar. The sidebar includes options like 'Gestionează această categorie' (Manage this category), 'Editează această categorie' (Edit this category), 'Asociază roluri' (Associate roles), 'Permisuni' (Permissions), 'Verificare permisiuni' (Check permissions), 'Blocat acest context' (Block this context), 'Cohorte' (Cohorts), 'Filtre' (Filters), and 'Restaurează curs' (Restore course).
