LET'S PLAY

CATCH THE BALL

- Please use the gallery view in Zoom
- Turn on your camera
- Turn on your microphone
- Imagine, we have a virtual ball (which is rolling through your camera and screen)

CATCH THE BALL

1. If you hear your name and the ball is thrown to you, you will have to catch it
2. If you have the ball in your hands, you will have to throw it to somebody calling her/his name
3. The game will end, if all of us had the ball at least once and the ball returned to the host

- Share it with your team and explain what it means to you
- We'll call you back to the main room after 10 minutes

Example of one of the EE's:

Sylvianne is a big fan of listening to music or attending a concert while it helps her focus or calm down. It's one of the motivators to keep going
