

Final Presentation

Intensive I Living Labs 2023 @St. Pölten UAS

Intensive I Living Lab

November 2023

Co-funded by the
Erasmus+ Programme
of the European Union

Final Presentation

At the end of the on-site intensive week there will be a presentation for the groups to show their work and the final prototype. We want you – the challenge groups – to pitch your approach to tackle your Intensive I Living Lab challenge to the EEs, the stakeholders as well as the other groups.

Stage pitch

Every group needs to prepare a presentation, which is called “pitch” in this scenario. You can do the pitch as you like – some creativity is very welcome!

The requirements are:

- presentation time: **5 minutes**
- use any kind of presentation tool to visualize your results
- showing the developed prototype
