ICE BREAKER

Our Prototype/Solution is....

To the Stakeholder and the Teams

How might we improve/test our solution?

Tips for One Minute Pitch Video

Tips for the Pitch-Video

Main Goal: Give a sparkling overview of your ILL output in a story-like fashion

Suggestions for parts of this video:

- Present your team: All persons of the team should appear (we want a pitch to show to potential investors, stakeholders and next ILL students)
- Present the challenge of the ILL
- Give insights to ideas, prototypes or solutions that emerged in the ILL
- End with the next steps of your project
- The video must contain the E³UDRES² Logo; an e-mail contact for reaching out to your team should be presented on the last image/slide

Week 5

Test

- **Dialogue orientated presentations of prototypes**
- **Group discussion / Feedback of EE and Stakeholder(s)**
- **Outlook & co-creating activities to do for the next week with the focus of preparing for the showdown**

Stakeholder(s) should have access to prototypes before this / these meeting(s)

Steps until week 6

- *Refining Prototypes*
- *Call to research*
- *Preparing stuff for "ILL - Showdown"*
- *Working on portfolio with the questions AND giving Feedback to other entries*
- *Working on stuff for "ILL showdown" in small groups*

To do during the week

As a Team

- Discuss with the team – *brainstorming@home*
- Fill in Miro – Final solution prototype

At individual level

- Finalize your e-Portfolio

Goals of the week

- **Finalize your solution/prototype**
- **Prepare your final pitch and poster**
